

IIT GANDHINAGAR

Alumni Relations Office & IAO

ALUMNI / Donor CUSTOMER RELATIONSHIP MANAGEMENT SYSTEM

Requirements Specification & Request for Proposal

Version: 1.0 | Date: April 2026 | Classification: Confidential

Document Title	CRM — Requirements Specification & Request for Proposal
Issuing Authority	IIT Gandhinagar - Alumni Relations Office & IAO
Document Number	IITGN-ARO-CRM-RFP-2025-001
Issued Date	April 2026
Version	1.0
Classification	Confidential - For Vendor Use Only
Scope	Enterprise CRM for ~50,000 Alumni & 1000 of private donors
Target Platform	Enterprise Cloud (Microsoft / Salesforce / SAP or Equivalent)

TABLE OF CONTENTS

1. Executive Summary

IIT Gandhinagar (IITGN) is one of India's premier technological institutions, established in 2008 under the Indian Institutes of Technology Act. The institution's Alumni Relations Office (ARO) & IAO is responsible for maintaining lifelong relationships with its growing alumni community & donors, which currently stands at approximately 5,000+ graduates (Classes of 2012-2026) and is projected to grow to 50,000+ alumni over the next decade, along with many other CSR & private donors.

This document constitutes a formal Request for Proposal (RFP) and detailed Requirements Specification for the procurement, implementation, and commissioning of an enterprise-grade Alumni & Donor Customer Relationship Management (CRM) system. The system must be capable of managing, engaging, and growing the alumni network and donors, while providing deep analytical insights to support institutional goals in alumni engagement, fundraising, and community building.

A comprehensive CRM platform built on proven enterprise technology - such as Microsoft Dynamics 365, Salesforce Education Cloud, SAP CRM, or a custom-built enterprise solution - that meets or exceeds all requirements stated in this document.

1.1 Strategic Objectives

- Establish a single, unified, cloud-hosted platform as the system of record for all alumni & donors data
- Enable proactive alumni & donors engagement through automated, intelligent, and personalized communication
- Build a scalable fundraising and donation management ecosystem aligned with Indian financial regulations (FCRA, 80G)
- Provide real-time analytics and dashboards that drive strategic decision-making for Institute leadership
- Integrate seamlessly with the Institute's existing IT ecosystem, including ERP, email servers, donation portal and the alumni self-service portal or any such others.
- Comply fully with applicable data privacy laws, including India's Digital Personal Data Protection Act (DPDPA) 2023

1.2 Key Facts

Parameter	Details
Institution	IIT Gandhinagar
Location	Palaj, Gandhinagar 382055, Gujarat, India
Alumni & Donors (Current)	~6,000
Alumni (5-Year Projection)	~10,000+

Alumni (10-Year Projection)	~50,000+
Programmes Offered	BTech, MTech, MSc, PhD, MASC, PGDIIT, Dual Degrees
Disciplines	14 Academic Disciplines across Engineering, Sciences & Humanities
CRM Users (Initial)	~20–30 (Admin, Editors, Viewers)
Primary Contact Language	English & Hindi
Financial Year	April 1 – March 31 (Indian FY)

2. Current State & Pain Points

2.1 Current Systems

The Alumni Relations Office & IAO currently manage alumni & Donor data using a combination of spreadsheets (Microsoft Excel/Google Sheets), email clients, and manual record-keeping. There is no centralised CRM system in place. Key limitations include:

- No single source of truth for alumni & Donor data - data is siloed across multiple files and formats
- Manual birthday and anniversary reminders, prone to errors and omissions
- No systematic donation tracking or financial year-wise donation reporting
- Inability to track alumni career progression or affiliation changes over time
- No automated communication workflows - every email/WhatsApp message is sent manually
- No analytics or dashboards; reports are prepared manually in Excel
- No access controls - data security is limited
- Zero integration with the Institute's other systems (ERP, email, website, donation website, manual entries for keeping scholarships data)
- Scholarship/ Funds Statement

2.2 Business Drivers for Change

Driver	Description
Data Growth	Alumni & Donor count grows by 900–1000 every year; spreadsheets cannot scale to 50,000+ records
Engagement Gap	Lack of proactive engagement results in low response rates and weak alumni & donor -institute relationships
Fundraising Potential	No structured donation management limits fundraising capability for scholarships, research, and infrastructure
Leadership Reporting	Institute leadership requires real-time dashboards for strategic alumni or donor decisions
Compliance Risk	Manual data management creates risks around data privacy and financial compliance
Global Alumni	A growing international alumni or donor community requires multi-timezone communication tools

3. Scope of Work

3.1 In-Scope

- Full CRM platform procurement, licensing, configuration, and deployment on cloud infrastructure
- Complete database design and implementation covering all 35+ data entities specified in Section 6
- Custom entity development and configuration for IITGN-specific alumni or donor data requirements
- Design and implementation of all dashboards and reports specified in Section 7
- End-to-end integration with email (SMTP/Exchange), WhatsApp Business API, and SMS gateway, Donation Portal, receipt generation.
- Data migration from existing Excel/Google Sheets to the new CRM (with data cleansing)
- Alumni self-service portal development and bidirectional sync with the CRM
- Donation management module with 80G certificate generation and FCRA compliance
- API development for integration with the Institute's future systems
- Comprehensive training programme for administrators, editors, and end-users
- 12 months of post-go-live support and maintenance

3.2 Out-of-Scope

- Hardware procurement (the system must be fully cloud-hosted)
- Development of the Institute's main public website
- Content creation, copywriting, or marketing campaigns
- Manual data entry of historical alumni & Donors records (ARO team responsibility)

4. System Architecture Requirements

4.1 Deployment Model

The CRM must be deployed as a cloud-hosted SaaS or PaaS solution with the following mandatory characteristics:

- Cloud-hosted on a Tier-1 provider (Microsoft Azure, AWS, or Google Cloud)
- Multi-tenant architecture with complete data isolation for IITGN
- Disaster Recovery with RPO $\leq$ 4 hours and RTO $\leq$ 8 hours
- Automatic backups - daily incremental, weekly full - retained for 90 days
- Geo-redundant data storage with primary data center in India (mandatory for DPDPA compliance)
- 99.9% uptime SLA (excluding planned maintenance), measured monthly

4.2 Platform Preferences

IITGN has a preference for established enterprise platforms. Vendors are invited to propose solutions based on, but not limited to:

Platform	Relevant Product / Module
Microsoft	Dynamics 365 Sales + Power BI + Power Automate + Azure
Salesforce	Education Cloud (EDA) + Marketing Cloud + Tableau CRM
SAP	SAP CRM + SAP Analytics Cloud
Custom Enterprise	Custom-built solution on Azure / AWS with proven technology stack

4.3 Integration Architecture

The CRM must support standard integration protocols and provide the following integration capabilities:

- RESTful API with OpenAPI 3.0 specification for all core entities
- Webhook support for real-time event notifications
- OAuth 2.0 / SAML 2.0 for Single Sign-On (SSO) with institutional Identity Provider
- Integration connectors for: Microsoft Exchange / Office 365, WhatsApp Business API, SMS Gateway, Payment Gateway (Razorpay / CCAvenue), LinkedIn API, IITGN Donation Portals
- Bulk data import via CSV/XLSX with field mapping and conflict resolution
- Scheduled data sync with the Institute's alumni self-service portal.

5. User Roles & Access Control

5.1 Role Definitions

Role	Typical Users	Count (Initial)	Permissions
System Administrator	IT/CRM Admin	4	Full access to all modules, configuration, user management, audit logs
CRM Manager	ARO & IAO Head	2	All CRM functions, all reports, approve data changes, manage automation workflows
Database Manager	ARO & IAO Staff	5–10	Add/edit/delete alumni & donors records, manage affiliations, import data, run reports
Donation Manager	Finance Staff	2	Manage donations, generate certificates, financial reports - no access to personal data beyond name/contact
Event Manager	Events Staff	5	Manage engagements, events, meetups - read-only alumni profile access
Report Viewer	Leadership/Faculty	10–15	View dashboards and reports only - no data modification
Alumni (Self-Service)	Alumni	All alumni	View/update own profile, submit engagement requests, make donations via portal

5.2 Data Security Requirements

- Role-based field-level security - sensitive fields (PAN, Aadhar, personal email) hidden from Report Viewers
- Full audit trail for every data modification with timestamp, user ID, and IP address
- Data masking for PAN/Aadhar numbers when displayed (show only last 4 digits)
- Session timeout after 30 minutes of inactivity
- Multi-factor authentication (MFA) mandatory for Administrator and Manager roles
- All data encrypted at rest (AES-256) and in transit (TLS 1.3)

6. Database & Data Entity Requirements

The CRM database must implement the following entities. All entities must be linked to the central Alumni profile via Roll Number as the unique key identifier. Similarly we will have a unique identity for Donors.

6.1 Core Alumni Profile (Table 1) (Similarly for Donors)

This is the master record for every alumnus. It must support all 48+ fields as detailed below:

Req. ID	Requirement Description	Details / Notes	Priority	Module
F-001	Roll No (Unique Key)	Institute-issued, immutable, unique identifier	Mandatory	Core Profile
F-002	Full Name + First Name	Separate fields for formal name and communication name	Mandatory	Core Profile
F-003	Status	Active / Deceased / Lost Contact / Opted Out	Mandatory	Core Profile
F-004	Member Type	Alumni / Student / Faculty / Staff / Friend of IITGN/ Donor	Mandatory	Core Profile
F-005	Gender	Male / Female / Other / Prefer not to say	Mandatory	Core Profile
F-006	Date of Birth	Date field: used for automated birthday workflows	Mandatory	Core Profile
F-007	Blood Group	A+/A-/B+/B-/AB+/AB-/O+/O-	Optional	Core Profile
F-008	Programme	BTech, MTech, MSc, PhD, MASC, PGDIIT, Dual Degrees, etc.	Mandatory	Core Profile
F-009	Discipline	Chemical Engg, Electrical Engg, CSE, Physics, etc.	Mandatory	Core Profile
F-010	Year of Graduation (YOG)	4-digit year; key filter field	Mandatory	Core Profile
F-011	Course Codes	Institutional academic program codes	Optional	Core Profile
F-012	CPI (CGPA)	Final CPI/CGPA on a 10-point scale	Optional	Academic
F-013	JEE AIR / GATE AIR/JAM /CSIR NET	All India Rank for BTech/MTech admissions	Optional	Academic
F-014	Thesis Title	For PhD/MTech thesis students	Optional	Academic
F-015	Thesis Supervisor / Co-Supervisor	Faculty name lookup	Optional	Academic
F-016	Thesis Defence Date	Date of viva voce defence	Optional	Academic
F-017	IITGN Email	Institutional email (@iitgn.ac.in)	Mandatory	Contact

Req. ID	Requirement Description	Details / Notes	Priority	Module
F-018	Personal Email	Primary personal email for communications	High Priority	Contact
F-019	Corporate / Work Email	Current employer email	Optional	Contact
F-020	Phone 1 & Phone 2	With country code, WhatsApp-linked flag	High Priority	Contact
F-021	LinkedIn URL	For profile monitoring and updates	High Priority	Contact
F-022	Instagram URL	Social media link	Optional	Contact
F-023	Permanent Address	Hometown / permanent residence address	Optional	Contact
F-024	Current Address + City/State/Country	Current residence location (separate fields)	High Priority	Contact
F-025	PAN Card Number	For donation tax receipts (80G compliance)	Conditional	Financial
F-026	Aadhar Number	For identity verification, where applicable	Optional	Identity
F-027	Alumni Association Membership	Yes/No with membership amount and date	Optional	Membershi p
F-028	Batch Gift Pledge	Pledge amount and fulfillment status	Optional	Fundraising
F-029	Spouse Name	For household communications	Optional	Personal
F-030	Profile Score (%)	Auto-calculated completeness percentage	System-calcul ated	Engageme nt
F-031	Photo	Profile photo; support for multiple images	Optional	Core Profile
F-032	Notes	Free-text field for ARO staff internal notes	Optional	Internal

6.2 Related Entity Tables

The following related entities must be implemented as child records linked to the Alumni Profile:

Entity / Table	Key Fields & Purpose
Educational Qualifications (T2)	SSC/HSC/Graduation history: Qualification, Year, School/College, Board/University, CGPA, Remarks
Donations (T3)	Financial Year (Apr–Mar), Date, Amount (INR/USD), Purpose (Scholarship/Infrastructure/Research/Event/General), Payment Mode, Receipt No., 80G Status, Remarks
Hostel History (T4)	Hostel name, Room number, Academic Year, Semester - complete on-campus residential history

UG Course Details (T5)	Course code, Course name, Credits, Year, Semester, Instructor, Grade - complete academic transcript
UG Performance (T6)	Semester-wise SPI and CPI for each UG student
GPS Assignments (T7)	Graduate Program Seminars: Year, Semester, GPS Coordinator lookup
PG Course Details (T8)	Same structure as UG for MTech/MSc/MASC students
PG Performance (T9)	Semester-wise SPI and CPI for PG students
PhD Course Details (T10)	PhD coursework tracking with instructor and grade details
PhD Performance (T11)	Semester-wise SPI/CPI for PhD students
Awards, Medals & Recognition (T12)	Type (Dean's List/Medal/Award/Recognition), Date, Agency, Details, Academic Year/Semester
Scholarships & Financial Aid (T13)	Type, Name, Year, Amount, Remarks - all forms of financial support received
Internships (T14)	Domestic/International, Online/Offline, Duration, Organisation, Year, Funding source and amount
Placements (T15)	Domestic/International, Company, Sector, City/State/Country, CTC, Date of Joining
Startup & Entrepreneurship (T16)	Startup name, Type, Incubator, Founders, Year, Team size, Sector, Location, Website
SSAC Records (T17)	Student conduct records: Incident details, Sanction letter date, PDF attachment
Positions of Responsibility (T18)	Position title, Domain (Council/Club/Event), Academic Year — leadership history
Current Affiliation (T19)	Type (Private/Govt/Academic/Startup), Sector, Designation, Organisation, City/State/Country, Month-Year of Joining
Previous Affiliations (T20)	Complete career history — auto-archived when Current Affiliation is updated, with Month-Year of Leaving
Publications (T21)	Title, DOI, Date, PDF attachment — research output tracking
Meetups & Engagements (T22)	Type (Homecoming/Campus Visit/Chapter Meet/Webinar/Other), Year, Date, Accompanying persons, Remarks
Overseas Exposure (T23)	Organisation, Year, Duration (From-To), Funding details and amount — exchange programmes, visiting positions
Communication Logs (T24)	Date, Channel (Email/Call/WhatsApp/In-person), Staff name, Purpose, Status (Connected/No Answer/Callback), Remarks
Family Details (T25)	Name, Relationship, Contact number, Email — emergency contacts and spouse/children information

7. Functional Requirements

7.1 Alumni/ Donor Profile Management

Req. ID	Requirement Description	Details / Notes	Priority	Module
ALM-001	Add / Edit / Delete alumni or donor records	Full CRUD with change history and undo capability	Mandatory	Alumni/donor Mgmt
ALM-002	Duplicate detection	Auto-detect duplicate Roll No or id or email on entry	Mandatory	Alumni/donor Mgmt
ALM-003	Profile completeness score	Auto-calculate % based on filled fields; update in real-time	Mandatory	Alumni/donor Mgmt
ALM-004	Profile photo management	Upload, crop, and store multiple photos per alumni	High	Alumni/donor Mgmt
ALM-005	Full audit history	Track every field change with who changed it and when	Mandatory	Alumni/donor Mgmt
ALM-006	Bulk import from CSV/Excel	Import 1000s of records with field mapping and error report	Mandatory	Alumni/donor Mgmt
ALM-007	Bulk update	Mass-update a field across filtered records (e.g., set country for a batch)	High	Alumni/donor Mgmt
ALM-008	Record merge	Merge two duplicate alumni or donor records, preserving all linked records	High	Alumni/donor Mgmt
ALM-009	Deceased alumni or donor tracking	Mark as deceased, remove from communication workflows automatically	Mandatory	Alumni/donor Mgmt
ALM-010	Opt-out management	Alumni or donors can opt out of communications; the system must respect opt-outs globally	Mandatory	Compliance
ALM-011	360° profile view	Single screen showing all tabs: academic, career, donations, engagements, logs	Mandatory	Alumni/donor Mgmt
ALM-012	Quick search	Full-text search across name, roll no, organization, email - results in < 1 second	Mandatory	Search

7.2 Advanced Search & Filtering

Req. ID	Requirement Description	Details / Notes	Priority	Module
SCH-001	Multi-field filter panel	Filter by Program, YOG, Discipline, Gender, Country, Sector, Profile Score, Membership, Name	Mandatory	Search
SCH-002	Natural language / AI search	Smart search engine that interprets queries like "BTech 2020 alumni in the IT sector in the USA."	Mandatory	AI Search

Req. ID	Requirement Description	Details / Notes	Priority	Module
SCH-003	Saved search / Segments	Save frequently used filter combinations as named segments (e.g., "Top Donors", "Lost Contact")	High	Search
SCH-004	Geographic map view	Plot alumni or donors on a world map filtered by the current country/city of residence	High	Analytics
SCH-005	LinkedIn lookup	Verify and update the current job/location from the LinkedIn profile URL	Medium	Data Quality
SCH-006	Export filtered results	Export any filtered view to CSV/Excel/PDF with selected columns	Mandatory	Export

7.3 Donation & Fundraising Management

Req. ID	Requirement Description	Details / Notes	Priority	Module
DON-001	Record donations	Multiple donations per alumni or donor per year; Amount, Date, FY, Purpose, Payment Mode	Mandatory	Donations
DON-002	Financial Year tracking	April 1 - March 31 Indian FY; automatic FY assignment based on date	Mandatory	Donations
DON-003	80G receipt generation	Auto-generate 80G tax certificate PDF with donor PAN, amount, date, and receipt no.	Mandatory	Compliance
DON-004	FCRA compliance tracking	Flag and separately report foreign donations as required under FCRA	Mandatory	Compliance
DON-005	Pledge management	Record donation pledges with expected fulfillment date and automated reminders	High	Donations
DON-006	Batch Gift campaigns	Group donation drives (e.g., Class of 2020 Gift) with collective tracking	High	Fundraising
DON-007	Online donation integration	Integration with payment gateway (Razorpay/CCAvenue) for online donations (Donation portal IITGN)	High	Integration
DON-008	Donation purpose tagging	Tag each donation to a cause: Scholarship, Infrastructure, Research, Events, General etc	Mandatory	Donations
DON-009	Donor tier classification	Auto-classify donors: Diamond ($\geq 50L$), Platinum ($\geq 25L$), Gold ($\geq 10L$), Silver ($\geq 1L$), Bronze ($< 1L$) etc	High	Fundraising

Req. ID	Requirement Description	Details / Notes	Priority	Module
DON-010	Year-wise summary reports	FY-wise, program-wise, discipline-wise donation analytics etc	Mandatory	Reports
DON-011	Top donors leaderboard	Real-time leaderboard of top donors - all-time and by FY	High	Dashboard
DON-012	Acknowledgement workflow	Auto-send personalized thank-you email/letter upon donation receipt with receipt attached	Mandatory	Automation

7.4 Engagement & Event Management

Req. ID	Requirement Description	Details / Notes	Priority	Module
ENG-001	Engagement recording	Track all alumni or donors visits, meetups, and events with unique event codes	Mandatory	Engagement
ENG-002	Event types	Homecoming, Campus Visit, Chapter Meet, Webinar, Mentorship Session, Guest Lecture, Alumni Sports, Any such others.	Mandatory	Engagement
ENG-003	Event-level attendance	Associate multiple alumni or donors with a single event; track accompanying persons	Mandatory	Engagement
ENG-004	Engagement score	Auto-calculate an engagement score per alumni or donors based on frequency and recency of interactions	High	Analytics
ENG-005	Event invitations	Send event invitations via email/WhatsApp to filtered alumni or donors segments	Mandatory	Communication
ENG-006	RSVP tracking	Track event registration and attendance confirmation	High	Engagement
ENG-007	Chapter management	Manage IITGN alumni chapters by city/country with chapter leads and members	High	Engagement
ENG-008	Mentorship programme tracking	Match alumni mentors with current students; track sessions	Medium	Engagement
ENG-009	Campus visit scheduling	Allow alumni & donors to schedule campus visits; auto-notify ARO & IAO team	Medium	Self-Service

7.5 Communication & Automation

Req. ID	Requirement Description	Details / Notes	Priority	Module
COM-001	Birthday automation	Daily 8 AM email to ARO team listing all alumni with birthday today; personalised birthday wish email+WhatsApp to alumni	Mandatory	Automation
COM-002	Work anniversary reminder	Notify ARO team of alumni work anniversaries (based on Current Affiliation joining date)	High	Automation
COM-003	Weekly communication digest	Automated weekly report to team: emails sent, calls made, WhatsApp sent, new engagements	Mandatory	Automation
COM-004	Monthly summary report	Auto-generated monthly report: new alumni added, donations received, engagements, affiliation changes	Mandatory	Automation
COM-005	WhatsApp Business integration	Send personalised WhatsApp messages: birthday wishes, event invitations, donation acknowledgements	High	Communication
COM-006	Email template library	Rich HTML email templates for: birthday, donation acknowledgement, event invitation, newsletter	Mandatory	Communication
COM-007	Bulk email campaigns	Send personalised emails to filtered alumni or donors segments with tracking (open rate, click rate)	Mandatory	Communication
COM-008	SMS integration	Fallback SMS for alumni with no email on record	Medium	Communication
COM-009	Affiliation change workflow	When Current Affiliation is updated, auto-archive old affiliation to Previous Affiliations; notify team	Mandatory	Automation
COM-010	Lost contact follow-up	Auto-flag alumni or donors with no communication for 12+ months; create task for ARO or IAO team	High	Automation
COM-011	Communication preferences	Alumni can set preferences: Email only / WhatsApp only / No communications	Mandatory	Compliance
COM-012	Do Not Contact (DNC) list	System enforces DNC status - opted-out alumni excluded from ALL campaigns	Mandatory	Compliance

8. Dashboard & Reporting Requirements

8.1 Executive Dashboard

A real-time executive dashboard accessible to Institute leadership must display the following at-a-glance metrics:

- Total alumni/ Donor count (all time, this year's batch)
- Total donations raised (all-time, current FY highlighted prominently)
- Number of unique donors (all-time, this FY)
- Total engagements (this year, last 30 days)
- Profile completeness health: % of alumni or donor with complete vs incomplete profiles
- Top 10 donors (all-time and current FY)
- Upcoming events in next 30 days
- Geographic heat map of alumni or donor distribution worldwide
-

8.2 Standard Reports

The following pre-built reports must be available out-of-the-box with export to Excel and PDF:

Report Category	Report Name & Description
Alumni Database	Year-wise count by program and discipline (with IITGN historical data from 2012 to present)
Alumni Database	Program-wise alumni listing with filters for YOG, Gender, Country, Sector
Alumni Database	Discipline-wise cross-tabulation (Programs × YOG showing count)
Alumni Database	Alumni with incomplete profiles (< 60%) sorted by profile score
Alumni Database	Alumni by current country/city of residence (geographic distribution)
Current Affiliation	Faculty positions: Professors at IITs / IIITs / Other Universities / Overseas Universities
Current Affiliation	Industry positions: Top companies employing IITGN alumni
Current Affiliation	Sector-wise distribution of currently employed alumni
Donations	Financial Year-wise donation summary: No. of Donors, Total Amount, Average Donation
Donations	Programme-wise donation report (filterable by FY)
Donations	Discipline-wise donation report (filterable by FY)
Donations	Individual donor statement: All donations by one alumnus or donor with 80G status

Donations	Donor tier classification report (Diamond / Platinum / Gold / Silver / Bronze)
Donations	Pending pledges and fulfillment status report
Engagements	Event attendance history (who attended what, when)
Engagements	Alumni/Donor engagement score ranking (most to least engaged)
Engagements	Chapter-wise engagement activity summary
Communication	Email campaign performance: open rates, click rates, and unsubscribes
Communication	Lost contact alumni/ Donor list (no interaction > 12 months)
Custom Report	Dynamic report builder: user selects any columns, applies any filters, and exports the result

8.3 Power BI / Analytics Integration

- All dashboards must support embedding in Power BI (or equivalent) for the Institute leadership portal
- Real-time data refresh ($\leq$ 15 minutes lag for live dashboards)
- Role-based dashboard access - leadership sees aggregates; ARO & IAO staff sees full detail
- Historical trend analysis: donation growth, alumni/ donors engagement score over the years
- Predictive analytics (nice-to-have): donor propensity scoring, churn prediction for engagement

9. Alumni Self-Service Portal

A dedicated web-based portal (separate from the CRM admin interface) must be provided for alumni. This portal must maintain real-time bidirectional sync with the CRM.

9.1 Portal Features

Req. ID	Requirement Description	Details / Notes	Priority	Module
PRT-001	Secure login	Login with IITGN email / Google OAuth / LinkedIn OAuth	Mandatory	Portal
PRT-002	View and update own profile	Alumni can view their CRM record and update: current address, phone, email, affiliation, LinkedIn, photo	Mandatory	Portal
PRT-003	Affiliation update request	When alumni updates job/organisation, CRM auto-archives previous affiliation	Mandatory	Portal
PRT-004	Online donation	Secure payment gateway; auto-generates 80G receipt; updates CRM donation record in real-time	High	Portal
PRT-005	Event registration	Browse upcoming events, RSVP, get confirmation and calendar invite	High	Portal
PRT-006	Alumni directory	Searchable directory of fellow alumni (with privacy controls - only show what alumni have made public)	High	Portal
PRT-007	Mentorship signup	Volunteer as a mentor for current IITGN students; fill availability and expertise	Medium	Portal
PRT-008	Communication preferences	Set email/WhatsApp/SMS opt-in/opt-out preferences	Mandatory	Portal
PRT-009	Job board (nice-to-have)	Post and browse job opportunities shared by alumni and the Institute	Low	Portal
PRT-010	Startup showcase (nice-to-have)	Alumni can list their startup for visibility within the network	Low	Portal

10. Non-Functional Requirements

10.1 Performance

Req. ID	Requirement Description	Details / Notes	Priority	Module
PRF-001	Page load time	Any CRM screen must load in < 3 seconds on a standard broadband connection	Mandatory	Performance
PRF-002	Search response time	Full-text search must return results in < 1 second for up to 50,000 records	Mandatory	Performance
PRF-003	Dashboard refresh	Live dashboards must refresh within 5 seconds	Mandatory	Performance
PRF-004	Report generation	Standard reports must generate in < 30 seconds; complex reports in < 2 minutes	Mandatory	Performance
PRF-005	Bulk import speed	Import 10,000 records in < 10 minutes with validation	High	Performance
PRF-006	Concurrent users	Support 50 simultaneous users without performance degradation	Mandatory	Performance
PRF-007	Scalability	System must scale to 200,000 alumni& Donnor records without architectural changes	Mandatory	Scalability

10.2 Availability & Reliability

- 99.9% uptime SLA during business hours (9 AM – 9 PM IST, Monday–Friday)
- Planned maintenance communicated at least 72 hours in advance; scheduled outside business hours
- Automated health monitoring with alerts to the ARO & IAO team for any downtime > 5 minutes
- Point-in-time data recovery capability for up to 30 days

10.3 Security & Compliance

- Compliance with India's Digital Personal Data Protection Act (DPDPA) 2023
- Compliance with FCRA (Foreign Contribution Regulation Act) for donation management
- Compliance with Income Tax Act Section 80G for donation receipts
- ISO 27001 certification (or equivalent) of the vendor's hosting infrastructure
- Data residency: Primary data must reside in India; backups may be geo-redundant within India
- Vulnerability assessment and penetration testing (VAPT) report to be submitted annually
- No sharing of IITGN alumni data with third parties under any circumstances

10.4 Usability

- Interface must be intuitive for non-technical users - no training required for basic operations
- Mobile-responsive web interface (works on tablets and smartphones)
- Accessibility compliance (WCAG 2.1 Level AA)

11. Data Migration Requirements

IITGN currently holds alumni and donor data in Excel and Google Sheets formats. The selected vendor is responsible for complete data migration to the new CRM. The following must be addressed:

- Migration of approximately 6,100 existing alumni and donor records across multiple spreadsheet files
- Field mapping exercise to map source columns to target CRM entities
- Data quality report prior to migration: duplicates, missing mandatory fields, format errors
- Data cleansing: standardize phone number formats, email formats, country names
- Zero data loss guaranteed - all source records must appear in the CRM post-migration
- Post-migration validation report: row count reconciliation, field-level spot checks
- Historical donation records migration (all years from 2008 onwards)
- Rollback plan in case of migration failure

11.1 Migration Timeline

Phase	Activity	Duration
Phase 1	Data Assessment & Source Analysis	2 week
Phase 2	Field Mapping & Data Cleansing	2 weeks
Phase 3	Pilot Migration (100 records)	2 week
Phase 4	Full Migration & Validation	2 weeks
Phase 5	Post-Migration User Acceptance Testing	2 week

12. Training & Knowledge Transfer

12.1 Training Programme

Training Module	Audience	Mode	Duration
System Administration	CRM Admins (4-5)	In-person / Virtual	8 hours
CRM Management & Configuration	CRM Manager (2-31)	In-person/ Virtual	4 hours
Database Management - Alumni or donor Records	Database Managers (5-8)	In-person/ Virtual	6 hours
Donation Management & Reporting	Finance Staff (2)	In-person/ Virtual	4 hours
Dashboard & Report Usage	All staff + Leadership	Virtual	2 hours
Mobile App Usage	All ARO & IAO Staff	Virtual	1 hour
Alumni Portal Usage	Train-the-trainer for alumni onboarding	Virtual	2 hours
Advanced Administration	IT Admin	In-person/ Virtual	4 hours

12.2 Training Deliverables

- Recorded video training sessions for each module (accessible anytime)
- Comprehensive Administrator Guide (printable PDF + online)
- End-User Quick Reference Cards (laminated A4 sheets)
- Step-by-step How-To guides for all common operations
- FAQ document covering the top 100 user questions
- Online knowledge base / help centre with searchable articles

13. Post-Implementation Support & Maintenance

13.1 Support Levels & Response Times

Severity	Condition	Example	Response Time	Resolution
Critical (P1)	System completely unavailable	CRM inaccessible - all users locked out	1 hour	4 hours
High (P2)	Core feature unavailable	Cannot add alumni or donors records or donations	2 hours	8 hours
Medium (P3)	Feature degraded; workaround available	Report export is slow or failing	4 hours	2 business days
Low (P4)	Minor issue; no business impact	UI cosmetic issue; minor display bug	8 hours	5 business days

13.2 Support Inclusions (12-Month Period)

- Unlimited P1/P2 support tickets via 24×7 phone/email helpdesk
- Up to 20 P3/P4 support tickets per month included in base fee
- Monthly system health review call with IITGN ARO & IAOTeam
- Quarterly product update reviews and roadmap discussions
- All platform updates, security patches, and bug fixes at no additional cost
- Up to 5 hours per month of configuration assistance (adding fields, modifying workflows)
- Annual VAPT report for the CRM environment

14. Expected Project Timeline

Phase	Description	Duration	Key Deliverables
Phase 1 — Initiation	Project kickoff, requirements sign-off, environment setup	2 weeks	Project plan, signed SOW, dev environment ready
Phase 2 — Design	Database design, UI/UX wireframes, integration design	3 weeks	Design documents, approved wireframes, API specs
Phase 3 — Data Migration	Source analysis, cleansing, pilot migration, full migration	4 weeks	Migration report, validated data in CRM
Phase 4 — Development	Core CRM build, custom entities, dashboards, automation workflows	6 weeks	Configured CRM, dashboards, automation flows
Phase 5 — Integration	Email, WhatsApp, payment gateway, and alumni portal integration, donation portal iitgn	3 weeks	All integrations live and tested
Phase 6 — Testing	Unit testing, integration testing, UAT with ARO team	2 weeks	Test reports, UAT sign-off
Phase 7 — Training	All training sessions, documentation handover	2 weeks	Training completed, all documentation delivered
Phase 8 — Go-Live	Production deployment, hypercare period	1 week	Live CRM, go-live report
Phase 9 — Hypercare Support	Intensive 4-week post-go-live support	4 weeks	Stable system, issue log cleared
	TOTAL		27 weeks (~7 months)

15. Pricing & Payment Terms

15.1 Cost Components for Quotation

Vendors must provide a detailed, itemised cost proposal covering all of the following:

Cost Component	Description
Platform Licensing	Annual SaaS/PaaS license cost (per user or flat fee; state clearly)
Implementation Services	One-time project delivery cost (design, development, testing, deployment)
Data Migration	Cost for full data migration from Excel/Sheets to CRM
Integration Development	Email, WhatsApp, payment gateway, and alumni portal integration costs
Training	All training sessions, documentation, and knowledge base setup
Post-Go-Live Support (Year 1)	12-month support and maintenance fee
Year 2 & Year 3 Renewals	Indicative annual cost for platform license + support in subsequent years
Additional Services	Per-hour rate for out-of-scope development and configuration requests

15.2 Payment Milestones

Milestone	Payment %	Due
Contract Signing	20%	Upon SOW execution
Design Phase Completion & Approval	15%	End of Phase 2
Data Migration Completion	15%	End of Phase 3
Development Completion & Demo	20%	End of Phase 4
Integration Testing Completion	10%	End of Phase 5
User Acceptance Testing Sign-Off	10%	End of Phase 6
Final Go-Live & Handover	10%	End of Phase 8

NOTE: All prices must be quoted in Indian Rupees (INR). Payment terms: Net 30 days from invoice date. GST applicable as per Government of India regulations.

16. Vendor Qualification Criteria

16.1 Mandatory Qualifications

- Minimum 5 years of experience implementing enterprise CRM solutions
- At least 3 completed CRM implementations for educational institutions (universities / IITs / NITs) in India
- Active partnership or certification status with the proposed platform (e.g., Microsoft Gold Partner, Salesforce Partner)
- Demonstrated experience with Indian compliance requirements: DPDPA, FCRA, 80G
- ISO 9001:2015 certified organization (or equivalent quality certification)
- Local support capability in India with a team available during IST business hours

16.2 Preferred Qualifications

- Prior experience specifically with IIT / NIT / Central University alumni CRM implementations
- Experience integrating with WhatsApp Business API for educational institutions
- Experience with 80G-compliant donation management systems
- Power BI / Tableau dashboard development expertise
- NASSCOM or iSPIRT member organization

16.3 Evaluation Criteria

Evaluation Criterion	Weightage	Max Score
Technical solution quality and platform fit	30%	30
Vendor experience and qualifications	20%	20
Implementation methodology and project plan	15%	15
Total cost of ownership (3-year TCO)	20%	20
Post-implementation support model	10%	10
References and case studies from similar institutions	5%	5
TOTAL	100%	100

17. Terms & Conditions

17.1 General Terms

- IIT Gandhinagar reserves the right to accept or reject any proposal without assigning reasons
- IITGN is not liable for any costs incurred by vendors in preparation of proposals
- This RFP does not constitute a commitment to award a contract
- IITGN may negotiate with one or more vendors simultaneously
- The selected vendor will be required to sign IITGN's standard Master Services Agreement (MSA) and Statement of Work (SOW)

17.2 Confidentiality

All information contained in this RFP and shared during the proposal process is considered strictly confidential and may not be disclosed to any third party without prior written consent from IIT Gandhinagar. All vendors must sign a Non-Disclosure Agreement (NDA) before receiving any supplementary data.

17.3 Intellectual Property

- All custom configurations, customisations, reports, and workflows developed exclusively for IITGN under this contract become the property of IIT Gandhinagar upon full payment
- The vendor retains ownership of pre-existing platform software, tools, and frameworks
- IITGN will receive a perpetual, non-exclusive license for any vendor IP embedded in the deliverables
- All alumni data is the sole property of IIT Gandhinagar at all times

17.4 Governing Law

This RFP and any resulting contract shall be governed by the laws of the Republic of India. Any disputes shall be subject to the exclusive jurisdiction of courts in Gandhinagar, Gujarat.

Appendix A: Vendor Questionnaire

Vendors must provide written responses to all questions below:

A.1 Platform

1. What is the proposed CRM platform and version?
2. Is the platform cloud-native, or is it a hosted on-premise installation?
3. What is the data centre location for primary storage? Can data residency be guaranteed within India?
4. What is the platform's current uptime SLA and what was the actual uptime in the past 12 months?
5. How are platform upgrades and new feature releases managed? Is there downtime involved?

A.2 Data & Security

6. How is data encrypted at rest and in transit?
7. What certifications does the platform hold (ISO 27001, SOC 2, etc.)?
8. How does the platform handle the right-to-be-forgotten under DPDPA 2023?
9. What is the data backup frequency and retention policy?
10. Describe the process for data export/portability if IITGN decides to move to another platform

A.3 Customisation & Integration

11. What percentage of requirements in Section 7 can be met with out-of-the-box features?
12. What requires custom development? What is the estimated effort in person-days?
13. Describe your WhatsApp Business API integration approach and any third-party dependencies
14. How will the bidirectional sync between the CRM and alumni portal be implemented?
15. What is the API rate limit for the CRM REST API?

A.4 References

16. Provide 3 references from educational institution CRM implementations, including contact details
17. Provide 1 reference specifically from an IIT or NIT implementation (if applicable)
18. What is the largest alumni database you have managed on this platform (record count)?

Appendix B: Glossary

Term	Definition
ARO & IAO	Alumni Relations Office — the IITGN department responsible for alumni engagement, Institute Advancement Office - CSR (Donations) Funds Management
CRM	Customer Relationship Management — software for managing relationships and interactions
DPDPA	Digital Personal Data Protection Act, 2023 — India's primary data privacy legislation
FCRA	Foreign Contribution Regulation Act — governs receipt of foreign donations in India
80G	Section 80G of the Income Tax Act — allows donors to claim tax deductions on charitable donations
FY	Financial Year — April 1 to March 31 in India
YOG	Year of Graduation — the year an alumnus completed their programme at IITGN
CPI/SPI	Cumulative/Semester Performance Index — IITGN's GPA equivalent (10-point scale)
PGDIIT	Post Graduate Diploma of IIT — a specialised PG diploma programme
MASC	Master of Arts with Social Commitment — IITGN's Humanities PG programme
TCO	Total Cost of Ownership — total 3-year cost including license, implementation, and support
UAT	User Acceptance Testing — final testing by the client before go-live
VAPT	Vulnerability Assessment and Penetration Testing — security audit
MFA	Multi-Factor Authentication — login requiring two or more verification methods
SSO	Single Sign-On — one login gives access to multiple systems
RPO/RTO	Recovery Point / Recovery Time Objective — disaster recovery metrics
